

Important Questions...

The most important decision you will make with any new landscaping project is the selection of your contractor.

To ensure you are working with a partner you can depend on, ask the following questions prior to beginning the work:

1. Are you a fully licensed contractor?
2. Will you provide a written plan and/or itemized contract?
3. Will I need to obtain city / county permits or HOA approvals?
4. Do you have liability and workers' compensation insurance?
5. Does your company offer financing?
6. Do you offer a warranty on your construction and planting services?
7. Does your company provide a customized care manual for my new project?
8. How long have you been in business?
9. Who will manage the project from start to completion?
10. Do you have a list of references that I may contact?
